AUTHOR INTERVIEW

COUTURE MAGAZINE LUVWIRKS.COM

Question.

"Sexy Senorita." That's a consistent theme heading.

Mark Anthony.

It brings the works full circle.

Question.

Ingeniously.

Mark Anthony.

I am a firm believer in rendering full completion.

Question.

Another trapdoor I see!

Mark Anthony.

You inspire the best.

Question.

Schmooser! She must be thrilled.

Mark Anthony.

It references that Latin culture beauty and enchantment again.

Question.

Which you honour so well in English vernacular.

Mark Anthony.

Uh!

Question.

I never mentioned English tongue.

Mark Anthony.

I'm always there for you if you need a hug or anything.

Question.

And I'm fanning my face from the heat, wiseguy!

Mark Anthony.

Love life in the moment first, that's a powerful attribute. You somehow find yourself singing random songs, smiling at your feast of scrumptious food, relishing your various pastimes, etc, hollaing at the honeys perhaps! Life's lesser things are more readily dissolved.

Question.

Emphasis on hollaing at the honeys no doubt!

Mark Anthony.

If the shoe fits! You look amazing in that dress. You most certainly could have been a supermodel.

Question.

Woof down boy!

Mark Anthony.

Making love to you would inevitably be optimal simplicity. Sharing life with a woman like you increases related interest moment to moment.

Question.

How does a woman respond to a compliment like that?

Mark Anthony.

Like appreciating any of life's blessings, I guess. You inspire them.

Question.

And then there's the next woman and the next!

Mark Anthony.

Separate schedules though. I could never eat enough Wheaties.

Question.

And then there's the pompous arrogant Englishman again!

Mark Anthony.

The works denote a style of presentation, seductive overtones. I myself am also quite jovial however.

Question.

Do the two perspectives blend in your opinion?

Mark Anthony.

Ever relished love making beyond hearty laughter before the fireplace?
Ever experienced random pleasure as the vehicle suddenly parks
curbside via baron streets, destined by uncontrollable giggling bouts?

Question.

That could be how you managed with all those incredibly erotic notations. I bet women would sure surprise you at times though.

Mark Anthony.

A cougar woman can suddenly pounce at anytime. An aroused hot lady may simply snatch her clothes off, mine too of course!

Question.

And on a bad day!?

Mark Anthony.

Bad days? The works are all in context, no Peppy Le Pew forums.

Question.

What's the harshest response a woman has ever expressed!?

Mark Anthony.

That's non-applicable if she reads the entire manuscript. Her quiet gestures and expressions speak volumes.

Question.

And the best response!?

Mark Anthony.

I plead the fifth amendment. I might sound ego maniacal.

Question.

Why stop now?

Mark Anthony.

Touche'!

Question.

You are something else!

Mark Anthony.

I am unarmed, no weapons. Would you say today was your least favourite period on the calendar monthly cycle?

Question.

So why would I even go there after that statement?

Mark Anthony.

Please allow me!

Question.

You are hilarious! So what was a woman's best response?

Mark Anthony.

It's more of a question of my response towards hers. it's all about timing or pliant chance for English chivalry. Wording is everything.

Question.

Words such as?

Mark Anthony.

Uh pray tell is that your clitoris!?

Question.

Oh God!

Mark Anthony.

Hers not yours.

Question.

Oh God!

Mark Anthony.

She was butt naked and spread eagle by the time I'd poured drinks!
